On Thursday night 01-25-90 I walked out the backdoor of my house and walked down to the corner of Bradford and Branson and talked with a few of my friends, Lonnie and Perry Meliel, I stood there talking with Lonnie and Perry for a while and I told them I was going to walk down to the corner of Branson & Bryan to see what was happening. When I got to Branson and Bryan, Myron was standing outside his car, Myron walked up to me and called my name. He called me Strawberry, Myron asked me if I use to be married to Linda Blue, I said yes. Myron then told me "These boys have sold him some bank book out for me." I told Myron to let me see the package. Myron give me the package, it was approximately \$300.00 worth because they were 13 or 14 bags. We laid it up on the back of the car. *B.L.W.*

and opened the package. I put one of the rocks to my tongue, at which time I used to be in a bad mood + Groovy Powder that had been soaked up. I asked Myron if he seen any of the boys that sold it to him and he said no. I told him to walk with me to see if he sees anyone and I would square him away. We walked down Branson St to the Arcade. We went inside and checked him if we seen anyone in the arcade and he said no. We left the arcade and walked back up Branson St and Myron said "there he goes right there". Myron pointed to a guy who was wearing a black sweat suit. I walked up to this guy I know as Jay-Bo. I told Jay-Bo to give my brother his motherfucking money or his motherfucking package. Jay-Bo started stuttering and said he would straighten him out. Me, Myron, and Jay-Bo walked behind the Thompsons house. Jay-Bo took out a plastic bag B.L.W.

from between his legs and gave all the rocks to me. I said those are the real things. I gave Myron the whole package except one and opened it and tasted it. I told Myron I could feel anything. Myron said he had a stem and he pulled it out of his pocket.

B.L.W. The stem looked like a antenna that had been cut into. Myron stuck the rock on his stem and asked for my lighter. I gave him my lighter and he fired it up and said it was the real thing. I told Myron I would see him later on and I started walking towards my house. While I was walking I heard Myron get into his car a crash it up. While I was walking off I heard the boys say "Don't do it Day-Bo" about three times. Then I heard a shot. I turned around and saw all the boys running thru the path. My girlfriend met me in the path and we started walking back down Brannon St towards the Arcade and we cut thru the path. We came out B.L.W.
